

NOUMEA – BOTANICAL TOUR

INCLUDED IN THE PACKAGE

The beautiful zoological and forester park in the heart of Noumea protects over 700 animals including birds. Wander along peaceful paths, walk through gardens surrounded by cactus, native shrubs and huge trees. Discover the diversity of the Caledonian forest with incredible views of the sea as a backdrop. You will come across native species such as the endemic flightless cagou, the roussette, the notou pigeon and various colourful parakeets.
